---	---	--

In the aim to consolidate our leader position in research, manufacture and sales of ingredients and additives for the food industry in BDF NATURAL INGREDIENTS, S.L we have the following commitments:

- **To Assure Food Safety and Quality** of all the products and processes of *BDF Natural ingredients, SL*. For that purpose, we have established FSSC 22000 management quality and food safety Systems, which guarantees in addition the constant improvement.
- **To Manage Food Safety and Quality objectives providing the necessary** human and material resources for the correct development of the Quality and Food Safety management of the quality and food safety (SGQIA).
- **To Comply with applicable legal requirements** and with the customer requirements.
- **To Promote active and effective communication** both internally (between all the departments involved) and externally to obtain more information for the effectiveness development of the productive activity.
- **To Provide contractual agreements with the suppliers** of products that may affect the final product quality or safety will be established to improve the raw materials and services used. In this way continuous assessments to all of them will be done to establish a relationship of mutual trust.
- **To promote a relationship of cooperation and collaboration with our customers** is our goal, to offer the best service and satisfying the needs and requirements to them.
- **To work in continuous improvement.** Company management believe that success can only be achieved through people. We promote a culture of zero defects and zero incidents (including professional illnesses) in all our premises with the SGQIA.
- **Management Team.** The highest level of participation and ownership of all the workers in the organization's Quality System is encouraged. Defined training programs and information is given to the workers to activate motivation and staff participation.
- **To promote Food Defense** to prevent acts that damage products and processes of *BDF Natural Ingredients, SL* and to prevent Food Fraud that could damage Quality and Food Safety.
- **To prevent occupational accidents and diseases.** The staff is the most asset of BDF Natural Ingredients SL, so we are committed to the prevention of occupational injuries and diseases, promoting the participation of all to achieve a healthy, safe and comfortable work environment.
- **To Protect the environment** by sustainable use of the natural resources, by the prevention of contamination and by the efficient recycling system of the generated waste.

All the employees of BDF Natural Ingredients, SL are committed with the accomplishment of this policy.
